International Conference on Addictions

The purpose of the symposium is to provide training for both legal and law enforcement professionals so they will be able to:

- Identify resources for help with addictions
- Recognize the basic addiction aspects of identifying, treating and referring those who are chemically addicted
- Recognize relationship between addictions and legal problems in clientele
- Explain the disciplinary process related to addictive disorders in legal professionals
- Evaluate legal issues regarding the increase in sexually compulsive behavior related to use of the internet
- 9 Continuing Legal Education Units will be awarded for this conference
- Chiefs of Police Executive Level Training (APOST): 10 Continuing Education Hours
